

Bokstav-lotto

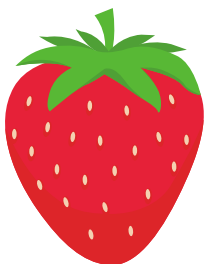

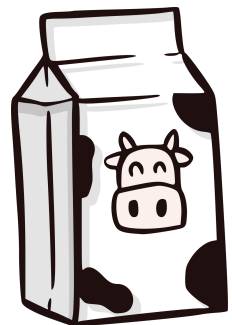

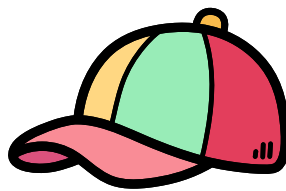

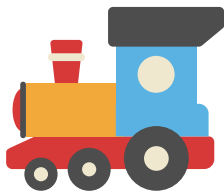

I denne leken skal barna matche bokstaver med riktig førstelyd på dyr – for eksempel A til Ape.

Leken trener gjenkjenning av bokstaver og kobling mellom lyd og symbol.

Anbefaler å laminere arkene – så kan du bruke dem igjen og igjen.

Tips: Skriv ut to eksemplarer for å spille vanlig memory/lotto – enten ved å matche like dyr (Ape til Ape) eller like bokstaver (A til A).
